

# SIYAXOLISA VENA

## SOFTWARE DEVELOPER

---

### Professional Summary

Highly skilled and innovative software developer with a strong foundation in both front-end and back-end application development. Proficient in Angular, React, and Node.js, I design and build cutting-edge, user-centric systems that deliver exceptional user experiences. My expertise in C# and SQL enables me to develop efficient and secure back-end solutions that precisely cater to client requirements.

As a collaborative and creative full-stack developer, I am well-versed in best practices and continuously strive to create high-quality, end-to-end applications. My passion for full-stack development drives me to craft scalable and robust solutions that exceed client expectations. With a keen eye for detail and a deep understanding of MySQL, I ensure the delivery of top-notch products that align with the client's vision and objectives.

### Core Competences and Skills

- Problem-Solving
  - Debugging
